

INFP

Your life's motto: "Still waters run deep"

Great artists, loves to help others grow and develop their human potential. Deep thinker, compassionate, insightful, spiritual, likes one-on-one settings, likes close relationships.

Your life's challenges:

Develop realistic expectations

Value compromise

Don't take things so personally

You are especially satisfied with work that:

Is in harmony with your own personal values and allows you to express your vision through your work

Gives you time to develop substantial depth to your ideas and maintain control over the process

Is done in a private work space with plenty of uninterrupted time but allows you to bounce your ideas off other people

Is done within a flexible structure with minimal rules or regulations and lets you work on projects when you feel inspired

Is done with other creative and caring individuals in a cooperative environment

Lets you express your originality and encourages personal growth

Does not require you to present your work frequently in front of a group or share it before it is completed to your satisfaction

Allows you to help others grow and develop and realize their full potential

Involves understanding people and discovering what makes them tick

Allows you to work toward fulfilling your ideals and not be limited by political, financial, or other obstacles

Some careers you may find particularly satisfying; this is not a full list of careers, just some possibilities.
